FINAL REPORT - VOLUME III  
FIELD TEST FT-34

DEMONSTRATED DESTRUCTION OF NUCLEAR WEAPONS (U)

January 1969

The field Operations of the Weapons Evaluation and Control Bureau assumes overall responsibility for the development of this document. The Sandia Corporation, under a Working Arrangement with the U.S. Atomic Energy Commission, contributed to its contents.

This document reports on part of a broad program of research on inspection and verification and does not necessarily express a U.S. position.

The Final Report on FT-34 has been prepared in three volumes. Volume I is a summary report of the test; volumes II and III are a compilation of six annexes containing more detailed treatments of the same material.
